JOSIAH TURNER, Jr., EDITOR.

WEDNESDAY, NOVEMBER 3, 1869.

For the benefit of Northern newspapers which have been misled by the dispatch of the Democratic press agent in this city we will state that no colored militia companies have been organized, armed or equipped, and all reports to the contrary are false.

The above we clip from the N. C. *Standard* of Tuesday morning; it is based in falsehood, ignorance or quibbling, we shall not pretend to decide which; but that it misrepresents facts we unhesitatingly declare upon unquestionable authority; here are the proofs:

On Monday and Tuesday, the 25th and 26th of October, large numbers of negroes were congregated at the Court House in this city, in consequence of some *secret* notification, for none was made publicly; and these negroes, or many of them were enrolled and *sworn in* as detailed militia.

The *Standard* itself, in its issue of Oct. 30th, says, "There are a few of the colored militia between Raleigh and Morrisville who have arms. They are under good command and will commit no violence." Isn't it strange that, three days after publishing this extract, it should have the hardihood to declare that "no colored militia have been organized, armed or equipped?" On Saturday it says there *are* militia, between Raleigh and Morrisville, *with arms*, and *under command*, and on Tuesday declares that there have been none organized, armed or equipped; Reconcile your statements, Mr. Standard, if you can, we can't. And after you have reconciled the above, then account for the following, which we have on good authority, and which your Governor was, yesterday, apprised of.

On Friday of last week, some sixty or seventy negroes, claiming to be Governor Holden's detailed militia, some of them from Raleigh and come from the immediate neighborhood, assembled at the house of Abraham Scott, a negro, in the White Oak, or Green Level District, near the Chatham line, not a white man or white officer among them. They have made themselves a terror to the women and children of the neighborhood; threatening that they intended to make a clean sweep, killing "from the cradle up." The following are some of their doings, as reported to us by those who know the facts:

They arrested Wm. Matthews, a quiet and respectable colored man, while at home at his work, declaring they intended to kill him, and he has not been seen by the neighbors since. His offence was, voting the Democratic ticket in the last election.

They went to the house of a Mr. McNeill, where none but the females were at home and threatened to kill them, because, they said, McNeill was a Ku Klux, causing the women great fright.

They went to the house of Mrs. Martha Branch, a widow lady, made her and her family rise, and before the females could dress, rushed into the house; they took her daughter by the arm and led her out of the bed-room into the room where the negroes were, in her night-dress, threatened to shoot her sons, one of them an invalid, swearing they were Ku Kluxes. They also threatened to kill Henry Yates, a young man there on a visit, saying he had no business being away from home. They stole a pair of shoes and then left, after making many threats.

They went to Gaston Booker's house and fired sixty shots at his front door.

These militia are represented as ragged and dirty and of most brutal aspect. They are said to be sent to this neighborhood, by the Governor, for the protection of four negroes, Abram Scott, Tom Chavers, Bill Evans, and Wyatt Scott, four most notorious scoundrels and pests of the neighborhood, two of them, Bill Evans, and Wyatt Scott, living in undisguised adultery with abandoned white women. They are said to be under the leadership of "Captain" Scott, a son of Isham.

Parties from the neighborhood were in the city to see the Governor on the subject, yesterday, and to represent to him the state of affairs there. We shall see whether his Excellency will issue a proclamation, or take other steps for the protection of peaceable white citizens, women and children, against the insults and deviltry of his own detestable league militia.

We shall offer no comments on the above state of affairs, as they have been represented to us, we believe truthfully; for anything we should be likely to say, under the feelings the narration has excited, might be construed into seditious language, and calculated to stir up resistance to this infernal, malignant tyranny. Therefore we forbear.

P. S. Since the above was written, we learn, the persons who came to see the Governor, had an audience with him, and was *referred to his Adjutant General*. That functionary simply remarked he would *try and see that these depredations should be discontinued!* The Governor spoke of the militia as being sent there by him! How, now, Mr. *Standard*?

Another Bickerdyke, the famous hospital nurse, has found lands and homes in Kansas for forty of the organ grinding war cripples of Boston.

THE PROCLAMATION.

His Excellency, the Governor, says in that one sided proclamation, "If there be those who counsel resistance to established authority, such persons are traitors, and should be punished accordingly." Did not the Governor, himself, "counsel resistance to established authority," when he defied the Supreme Court and cursed "like a sailor" before the Chief Justice, swearing his officer should not go to jail when ordered there by the highest judicial tribunal of the State?

"If there be those" continues the proclamation, "who, disguised or masked, enter the dwellings of others by force, and commit acts of violence, such persons are guilty of felony, and should be punished by hard labor in the Penitentiary." When the house of a black man, in Wilson county, was entered, at night, by some dozen members of the League, of which the Governor was President, and the peaceable inmate struck three hundred lashes for voting the Democratic ticket, did not the Governor abuse the pardoning power, and release the cut pulls who had entered the house, and that too after Judge Thomas, a League Judge, had sentenced them to jail for only thirty and sixty days?

Is not the Governor himself "masked and disguised?" Is he not clothed in the mask of falsehood and continually trampling on the cross of truth? He has worn the mask so long, and trampled on the cross so often, that it has become a second nature, and he speaks falsehood, often without design, because the force of habit has made it a second nature. What purpose had he in denying to Evans that he was a secessionist? He knew it was not so; he knew Evans would not believe him; he knew no man would say he believed him, unless it was Rodman or Reade. Evans has files of the Standard, and he had only to turn to the Standard of December 4th 1860 and read as follows. "We have heard the idea recently expressed that a State has no right to secede from the Union; that there is no help from oppression except by revolution; in other words, that the States are the creatures and dependents of the Federal government, and, of course, subject to its physical coercion.

"Such an assumption, we humbly submit is unsupported by any testimony derived from the constitution itself, or from any single circumstance attending its formation or adoption. It is moreover at war with all regular ideas of free, republican government, and of the undoubted independence of the States, as that independence has been practically displayed in their separate organization since 1787. We hold that as no State could have been originally forced into the Union, none can be forced to remain in, or, rather, be prevented from going out. Heaven forbid that such an extreme resort should be presented to us as the only alternative against aggressions upon our rights! We trust it may not, but the bare possibility of the contingency should nerve our public men to look the danger boldly in the face.

"Let them declare that while we acquiesce in the late action of Congress on the slavery question, we are at the same time determined that aggression shall cease, and that the fugitive slave law shall be enforced in its letter and spirit, and that if the free States do not yield to this reasonable and constitutional request, we will have them and leave them forever. This is no time to dispute about terms. If gentlemen do not like the word *secede*, and if we can not consent to use the word *revolution*, let *Dissolution* be the substitute for either or both. The people understand that, and they will demand it if the fugitive slave law be repealed, or if these wicked assaults upon the rights of the slave States be continued in the halls of the common Congress."

After this denial of being a secessionist, is it any wonder that, under his administration, 8,000 acres of land was purchased for a Penitentiary? Is it any wonder that $26,000,000 were spent for Railroads with his approval? Is it any wonder that he leased the North Carolina Railroad for two millions less than its worth? Will the people be astonished if he should sell the Capitol itself to Littlefield and Laffin, or Dr. Sloan and Atlas J. Jones, and then deny that he ever sold it?

While the Governor unmasks the Ku Klux let him unmask himself. We will try to assist him in the good work.

THE LIME BED BRANCH &c.

We do not wish to appear "uncharitable" or "illiberal," and, therefore, we give place, in another column, to the communication of "C." in regard to the Lime Bed Branch Railroad; but we do so without being able to see any *point* in what he says.—What is he driving at? What point does he wish to make? We confess we cannot see.

It is true, it appears that one of the provisions of the Act of the Legislature, of the 9th of April last, (not the 15th) was intended to expedite the consummation of the Lime-Bed Branch fraud, but that is not the only provision in that act, nor the material one for the *private stockholders*, for it contains a further provision, which gives to the *private stockholders* the control of the Road, when they are in the neighborhood of united. We can well see, therefore, why they would accept this act, even with objectionable features in it; especially when it was manifest that that objectionable feature was *void*, being in violation of the Constitution of the State, when taken in connection with previous acts.

We do not believe the Stockholders, as a body, approved of this infamous provision, but, if they did, it is none the less a shameful outrage; its friends seek to use $80,000 of the people's money in building a branch Road, five miles long, in which the public have no more interest than they have in any private gentleman's grist or saw mill.

We are convinced that there is not a little wrong about that Western North Carolina Railroad, in which the people of the State are interested already to the small sum of *eleven million of dollars*; it is worth looking after; it is a matter of no trifling moment, and hence we have given it attention from time to time, but not as much as we intend to do.

Why don't "C" answer the questions propounded recently to the President of the Eastern Division of the Road, Mr. Mott, by our correspondent, "James?" He would throw a flood of light on several matters of public concern, if he would. The questions are pertinent and pointed; let them be answered, if they can be. They are rather searching, and demand the attention of "C" or President Mott, or somebody else.

What has become of the injunction suit about this Road? We trust it is not abandoned.

The Western Division of this Road has passed into the hands of the Chief of the "carpet baggers" and Prince of the "Ring," Gen. M. S. Littlefield, of New York, who has sojourned hereabouts from time to time; he is now the President of this Division of the Road and, *of course*, it is in a fair way to be built! By virtue of his office, conferred upon him by the agency of Gov. Holden, he manipulates *seven millions of State bonds!* Do the people suppose the price of these bonds will go up now?—What confidence can the people of the State, of any party, have in a Governor who appoints such men to such places? He mocks at the people of the West when he tells them he is for their Railroad, and then virtually appoints the *Prince* of the "Ring" President of the Road.

Judging by what we hear, the people of the West, or some of them, intend to see if there is any virtue in the Courts, and power to prevent the misappropriation of the bonds of the State, such as they are. It remains to be seen what they will do to get rid of the calamity so inflicted upon them. We want to get all the information we can about that Western North Carolina Railroad, and we intend to ventilate its management. It looks like it will never get to the foot of the Blue Ridge, much less over it.

For the Sentinel.

MR. EDITOR:—The repeated allusions in your paper, editorially and through correspondents, to that *monstrosity*, that most outrageous of all the operations of the "Ring," to-wit: The Catawba Lime Bed Branch Railroad, suggests the idea that it would be well for you, and your readers, to know something of its history, particularly as to who were its steadfast friends, those that stood by it when the question came as whether it should be immediately constructed, or put off to some indefinite period, far in the future if ever to be built at all.

The last Legislature passed a bill ratified the 29th day of January, the 15th Section of which reads thus:

"That said Western North Carolina Railroad Company shall have power to make or discontinue branches of said Road at will, and it may use the branches as will best promote its convenience and interest: *Provided*, nevertheless, this section shall not confer any power to interfere with the Branch Road to Point Rock, *and no other branch shall be begun until the main Track to Dutchman, and the Branch to Point Rock, shall have been completed.*"

Under this section of the act the Lime bed branch was placed among the impossibilities; but we will go on and show how it was made whole, and who made it so.

The same legislature passed another act ratified the 15th day of April, amending the 15th section, and bill above mentioned, which was presented to a meeting of the Stockholders of the Western North Carolina Railroad Company in the following manner, as taken from the written proceedings.

"The meeting assembled at the expiration of the half hour."

"Judge Merriman then introduced the following resolution."

"*Resolved*, That the private Stockholders of the Eastern Division of the Western North Carolina Rail Road Company, the stock of the State not being voted, do hereby accept the act, and all the provisions of such act, passed by the General Assembly of the State of North Carolina at its last session, entitled, "an act to be entitled an act amendatory of the act to incorporate the Western North Carolina Rail Road Company, 1855 and all acts amendatory thereof," in the words and figures following, that is to say."

Now comes that which together with the foregoing resolution made the Lime bed Branch a fixed fact as far as the action of the legislature and of the Stockholders of the Company could do it.

This is the document of which on that occasion Judge Merriman seems to have been the special guardian, produced by him then and there, from the same recess of a breast pocket. Here it is, as the Judge says "in words and figures following.

SECTION 1. *The General Assembly of North Carolina do enact*, That the provision section 15 of said act, *shall not be so construed as to prevent the immediate construction of the Branch Road leading from a point near Catawba station, in Catawba county to the Lime beds as provided for in section 1st of the said acts;* and in all meetings hereafter held by the Stockholders of the Eastern Division of said Company, the State stock it represented, shall vote as provided in the 14th section of the act ratified the 29th day of January 1869, for the "Western Division," of which this is amendatory, and the adoption of these and further amendments shall be left to the private Stockholders of the Eastern Division.

Nothing now prevented the "immediate construction" of the Branch. I will give the vote upon this last amendment and resolution and leave the public to judge of the conduct since, of some of those whose names are recorded as having voted for them.

"The Committee to superintend the ballot through Gov. Vance reported as follows:

"Affirmative—F. R. Kyle, 5 shares; B. A. Berry, 10 shares; Wm. M. Walton, 30 shares; Thos. G. Walton, for self and as proxy for others, 878 shares; John Cannon, for self and as proxy 539 shares; W. W. Fleming, for self and as proxy 480 shares; M. L. McCorkle, for self and as proxy 559 shares; R. A. Caldwell, for self and as proxy 2,180 shares; J. A. McDowell, for self and as proxy 546 shares; N. W. Woodfin, for self and as proxy 408 shares; J. W. Wilson, for self and as proxy 7,088; A. S. Merrimon, 5 shares; Conley & Neal, 353 shares; J. A. Caldwell, 16 shares; W. P. Fortune, 230 shares; J. W. McElrath, 3 shares; J. A. Hunt, 970 shares; Z. B. Vance, 5 shares; W. F. McKesson, 333 shares; Jos. Beltsain, 5 shares; R. F. Simonton 50 shares; George P. Erwin, 3 shares."

It is unnecessary to give the names of those who voted in the negative.

C.

THE NEXT RADICAL MOVE.

The comments are raised against the Supreme Court has surprised some people.—The interference of the Court in the Yerger case was so much a matter of course, that nobody knowing anything about the matter supposed any other decision possible.—How could the Supreme Court decide that it had no right to inquire the cause of the imprisonment of a party held under color of authority of the United States, to which imprisonment a Circuit Court of the United States had committed him. To decide thus would have been a base abandonment of the highest and clearest function at the bidding of the Radical press. The Judges, though most of them are Radicals, have not so stultified themselves; though our contemporary, the *Press* of this city, first threatened them with the military power, and has since made the notable discovery that the Supreme Court is the creation of Congress, and that:

"A breath unmakes it, as a breath hath made."

Why do we have this outcry against the Supreme Court? Why do we hear the great tribunal established by the people, in the Constitution of the United States, now talked of as "the creation of Congress." It is because this is the game of the ultra Radical wing of the party—the clique who have begun the campaign for "Boutwell in 1872." Their plot is to continue and extend military government; to go back on their own reconstruction measures; to keep out all representatives from the Southern States, and to list in their own carpet baggers, who will help, in Congress to subjugate the North. This is the scheme for which the Radicals are preparing the public mind, in advance of the meeting of Congress. The vile crew of conspirators against the constitutional government will make their last effort as soon as Congress assembles. To re-enforce the military dictators at the South will be one of the first measures; to cripple or even, as our Radical contemporary suggests, to abolish the Supreme Court, may be another. Such projects the friends of civil liberty must stand prepared to meet; to meet them calmly, temperately and with the great weapons of political and moral warfare. The friends of liberty have just escaped a great danger in France. Imperialism, staggered by a defeat that came in the shape of elections barely carried by intrigue and fraud, has been waiting for a chance to regain its lost ground. The hoped for chance was an outbreak in the streets of Paris, which the horse, foot and dragoons of Imperialism would have crushed out in the name of "order." But the men who urged a hostile demonstration (perhaps they were in the pay of the government) failed to move the people. Victor Hugo had the sense to publish a letter saying "Right is on the people's side, violence on the government's side. Let us give no pretext to the government to use violence against right." These are wise words and applicable to the condition of our country. The Radical clique when it began its course with President Johnson made haste to form set riots at the South. One deliberately instigated by the Radicals at New Orleans was the trump card in the cogged pack, with which they won their cheating game. But though they set up military despotisms at the South, and excluded President Johnson from any control of them the foul machinery has worked badly. Neither Canby nor Ames has been able to extirpate the great American principle that the majority shall rule in elections by the people. The plot for excluding most white people by oaths, and putting only carpet baggers in office, by negro votes, this plot has failed—how could it do otherwise than fail in this country, and in this age of the world! But we are soon to have new efforts towards the same end. The new scheme will probably dispense with elections, and exclude all civil Courts, beginning perhaps with the Supreme Court of the United states. This is what the friends of liberty may have to meet. Let them meet it calmly, bravely and wisely.—*Philadelphia Age.*

EX PRESIDENT PIERCE'S WILL.

Ex President Franklin Pierce's will was entered for probate on Tuesday, at Concord, New Hampshire, by the Hon. Josiah Minot, its executor. It comprises eight letter pages, in his own handwriting, without an erasure or interlineation. The will makes, among numerous bequests, the following:

Josiah Minot, $1,000, a picture of the Grand Piazza in Mexico, formerly the property of General Lafayette, and a cane; to the city of Concord, $1,000 for a public library, as a perpetual fund, the annual income for the purchase of books; to Kirk Darbone Pierce, the sword presented to him by the ladies of Concord in 1847, when he went to the Mexican war, and to Frank Hawthorne Pierce the sword presented by the State of New Hampshire on his return, "with the hope that should occasion arise for their use in repelling foreign aggression, in vindicating the rights of American citizens, the world over, or in the faithful upholding of the sacred constitution framed and adopted by the fathers of the revolution, the weapons may not be dishonored in their hands;" to Col. Thomas J. Whipple a case of pistols and all other articles used by him in the Mexican war, including a silver-mounted Mexican saddle; to Col. Thomas H. Seymour, a cane made from a flagstaff of Chepultepec. This cane was cut down from the flagstaff by the latter's own sword in the Mexican war; to Col. John H. George he bequeaths his best horse, "to be selected by him, with the special request that he be not kept a day simply because he is a gift from me," and a hickory cane, cut at Jamestown, Va., with Mr. Pierce's name marked in Roman letters on the knob; to the Hon. Clement Marsh a hickory cane in his possession; to the eldest son of the late Charles S. Davies, of Portland, "the Cincinnati badge, presented by his father to mine, and worn by Gen Lefaye to in 1825 at Concord." Gen Pierce was also a member of the Society of Cincinnati, and wills his own badge to his brother, Henry D. Pierce. To the Hon. Josiah T. Abbott, the Fletcher cane. To Franklin Pierce Abbott a framed picture of "The Penitent;" to James F. Langdon, of Plymouth, a cane, presented to him in January, 1855; to Chas. H. Norton, of Concord, his best carriage and sleigh, to be selected by him; to Andrew Pierce, Jr., two octagonal pictures—"Hagar and Child," and "The Destruction of Sodom;" to Thomas W. Pierce, of Boston, an Ironsides case and pictures of "Judith" and "Holifernes;" to Richard S. Spofford a large framed picture of "Christ in the Hall of Judgment;" to Sidney Webster a large picture of "Christ—Peter and Tribute Money;" this is stated to be an original painting, "considered, when I purchased it in Florence, a work of rare merit; to Mrs. Ray, wife of T. Ray, of Andover, a painting of the harbor of Venice, a small rosewood and ivory toilet case. All the rest and residue of his estate of every kind and description, real, personal, or mixed, he gives to Frank H. Pierce. The will is dated January 22, 1868, and was witnessed by Benjamin Grover, Charles Minot and Josiah Minot. A few verbal bequests of momentous were made during General Pierce's last sickness. Hon. Josiah Minot, General Pierce's former law partner, is sole executor. He estimates the value of the property at $80,000 $30,000 of which is in real estate. The residuary legatee,—Frank Hawthorne Pierce, young at son of the General's brother Henry, will it is thought, realize from thirty to forty thousand dollars. He is a student at Princeton (N. J.) College.

NEW ADS.—Another Richmond in the field, Messrs. Marcom & Alford, young men of enterprise and fair dealing, offer select family Groceries and other articles, go and see them.

We call attention of those designing to increase their orchards to the card of A. E. Conrad, of the Yadkin Valley Nursery.

Mr. J. Brown, with Hart and Lewis, advertises the latest styles and improved patterns of stoves. We have tried two from there, and know them to be good.

Whiskey and Sugar and Thomasville Shoes, best out, at G. T. Stronach's.

See notice of meeting of the Mechanics' Building and Loan Association.

A Chance to build; see sale of vacant lots by the North Carolina Land Company.

LEACH BROTHERS.—We called in at the new store of these enterprising and wide-awake young merchants, yesterday afternoon, and "interviewed" them slightly, but sufficiently to find that they have laid in a supply of choice groceries, which they are disposed to sell on the "live-and-let-live" principle.

See the change of location announced in the card of Mrs. Frances A. Johnston, Mantua-maker. She is now conveniently located on Hillsboro street.

Blair's line of street omnibuses commenced their regular trips yesterday.

Let those now ride who never rode before,
And those who have been riding ride the more.

LADIES' FAIR.—We learn that the ladies connected with the congregation of the M. E. Church in this City are preparing to give a Fair or Feast, on or about the 25th inst., (the day will be certainly fixed and announced soon,) for the purpose of raising funds to refurnish and refit the parsonage of their Church. We bespeak for them the usual liberality of our citizens on such occasions.

J. N.—The notice of the double marriage in Franklin was published in the SENTINEL over a week ago.

TO CORRESPONDENTS.—We have a large number of communications on hand.—Those that are legible and written only on one side of the page will be attended to as soon as practicable.

PIKE A COLONEL.—Recent military movements have rendered an increase in the Governor's military family necessary, and hence he has appointed Pike, of the *Standard*, Aid-de camp, with the rank, and, we suppose, pay, of a Colonel. Kwiatkowski, we think, is Captain. He started towards Chatham with his braves, but, hearing a cannon snap in the bushes on the road side, he came back.

Mr. W. H. Lyon, east side Market Square has fresh oysters every evening, and they are very fine.

SPORTS OF THE TURF.—Owing to the rain and consequent bad condition of the track during our State Fair, the exercises of the track were not considered fair tests of the speed of the various animals entered as contestants for premiums on that occasion. To test the matter more fully, several gentlemen have succeeded in getting up, for the 17th and 18th of the present month, A GRAND HORSE FAIR, AND FINE TROTTING MATCHES.

First day.—A purse of $1,000 will be trotted for. Mr. Boylan enters br. m. KATE JACKSON; Mr. Paxson enters b. g. TWIST, best three in five to harness, mile heats.

These are both celebrated as nags of good speed, and fine trotting may be expected.

On the same day there will be a trotting match for a purse of $500, best two in three, to harness, mile heats; $400 to first horse, and $100 to second; open to all horses owned in the State.

Second Day.—A match for $500 between Fly Away, of Virginia, and Mr. Doyle's b. Philadelphia's famous chesnut mare, Sally. This will probably be one of the fastest races ever trotted in the South.

On the same day, a purse of $400, open to all horses which have never beaten 2.40; $300 to first horse and $100 to the second.

A number of fine blooded horses will be sold at auction; also some fine buggies.—Sales each day between 9 and 12 o'clock.

Admission to Grounds 50 cts. Season ticket $1,00.

Our exchanges throughout the State, by noticing, might confer a favor on some of their readers who would like to be present on the occasion.

The Officers of the Cuba are to be sent to New York, to stand their trial in the U. S. District Court for the Eastern District of New York, as their offence is alleged to have been committed within that District.

CORRECTION.—Our informant was in error in regard to the name of the victim of the sad accident in Weldon on Saturday—it was James S. Spillman instead of Tilghman, as we published yesterday morning.

THE LOUISIANA EQUITABLE LIFE INSURANCE COMPANY OF NEW ORLEANS.—This is one of the very best companies in the country. It has the endorsement of Bishop Wilmer, Gens. Beauregard, Hood, Harry Hays and the leading men of New Orleans. General Beauregard says: "Its Officers and Directors have been selected from our most reliable and intelligent citizens.

Instead of sending $40,000,000 annually North, our citizens can find better companies at home.

FISK, JR., AND HIS "FRIEND GRANT."—Mr. James Fisk, Jr., in a card criticising the report of the Weston correspondent of the New York *Herald* in relation to the alleged declaration of President that Fisk was a man "no date of moral character as to be scarcely worth noticing." Fisk, Jr., treats the declaration as "an invention of the venerable gentleman who presides over the *Herald*," and claims the credit for himself of a very friendly intimacy with General Grant. Fisk, Jr., says:

"It is simply *impossible* that the President can have used any such language of me. General Grant never would have accepted the hospitality and shared the table of a man whom he believed to be so destitute of moral character as this canard represents. General Grant spent three hours at my table on one occasion, and made a portion of his journey to Boston in my company. He is well known to many gentlemen who were with us, and who know that conversations were of the most friendly character.—He and his family have repeatedly accepted trifling favors at my hands, of such a nature as are perfectly proper among friends, (and which I may have now with no intention of implying that they have placed General Grant under obligation,) but which no gentleman would accept from one whom he did not consider a friend. Indeed so perfectly have been the relations between us, General Grant has always dispensed with those little formalities of acknowledgment which other gentlemen, equally eminent but less intimate with me, have thought necessary to observe, (not even thanking me for them,) and the numerous services which it has been my pleasure to render him have been treated with as a matter of course, just as they should be between friends quite at ease with each other."

WHAT ENERGY WILL ACCOMPLISH.—Some years before the war, Mr. J. J. Woodward, of Fayetteville, but lately of this city, prepared a shoe blacking which he put in person hawked over the State. The "calling" was looked upon as degrading, but Mr. W. is now a merchant, well-to-do in good standing, in Fayetteville. Straws show which way the wind blows, and acorns from little acorns grow."—*Raleigh Standard.*

We well remember seeing Mr. Woodward 15 years ago, blacking gentlemen's boots in the streets of Fayetteville, did not do the work himself because he was obliged to (for he was then in easy circumstances) but he desired to show the good qualities of his Blacking with his own hand, and he did it effectually. He always been one of the most worthy and respected citizens of Fayetteville, but not ashamed or afraid to work. That sort of energy that achieves success is very undertaking.—*Charlotte Democrat.*

RICH GOLD MINE.—Tpv. W. S. Haltom showed us a letter, week from a friend in Stanly county, in which he stated that a gold mine had been discovered covered three miles from Gold Hill dug eight and ten hundred dollars to bushel of ore. That is unanimously ried it further investigation proves that mine continues to "pan out" that it will be a vast fortune to the owner old gentleman named Barringer.—*Wilmington Democrat.*

WASHINGTON, Nov. 2.—The Supreme Court heard the Grapeshot case from New Orleans today. The case involves the question of the constitutionality of Lincoln's provisional Courts in the subjugated portions of the country. It is contended that such Courts being invalid by subsequent action of Congress, cannot give validity to their decrees.

RICHMOND.

RICHMOND, Nov. 2.—In the State Fair the mineral, mineralogical and cattle departments far exceed those of the last Fair, held nine years ago, and the other departments are equal to it.—The mineral and ore department is most remarkable on the ground and is crowded with specimens of marble, coal, gold lead, mica gypsum, iron, copper, slate and granite. Ex-Gov. Begier of Penn. is among the visitors, and Hon. Horatio Clifton, U. S. Commissioner of Agriculture will be here to-morrow.

The city goes 45,000 majority. Greeley 7,000 ahead of his ticket. Kings county 10,000 Democratic majority. Returns from the interior show heavy Democratic gains, indicating that the State has gone Democratic by from 10,000 to 20,000. SCHOOL BOOKS.

UNIFORM SYSTEM OF

TEXT-BOOKS

FOR NORTH CAROLINA.

Office Publishers' Sup't of Introduction,
RALEIGH, N. C., Sept. 21, 1869.

A DEPOSITORY has been established at Raleigh, in charge of Mr. Alfred Williams, for the following books, which were adopted Aug 9th, 1869 by the State Board of North Carolina for uniform use in the Public Schools:

PARKER & WATSON'S NATIONAL PRIMER.
PARKER & WATSON'S NATIONAL SPELLERS.
PARKER & WATSON'S NATIONAL READERS.
DAVIES' ARITHMETICS.
MONTEITH & MCNALLY'S GEOGRAPHIES.
MONTEITH'S YOUTH'S HISTORY OF THE U. S.
REED'S SYSTEM OF PENMANSHIP.

THE NEW DESCRIPTIVE GEOGRAPHY OF NORTH CAROLINA will be ready about the middle of October next. The maps, &c., are now being engraved as rapidly as possible. This work will be furnished with Monteith & McNally's Series, without extra charge.

PROF. JEROME ALLEN'S COMPLETE SYSTEM OF MAP DRAWING will also be furnished to the Public schools with Monteith & McNally's Series, without extra charge.

The books will be supplied at exceedingly low rates to the Public Schools in the State.

Similar terms will be made accessible to private schools adopting the above named books uniformly.

Pupils attending the Public Schools will, in accordance with the state contract, be furnished with new copies of Monteith & McNally's Geographies and Davies' Arithmetics in exchange for old copies of Cornell's Geographies and Quackenbos' Arithmetics, which they may possess.

Books will be supplied, carefully packed and shipped, by ALFRED WILLIAMS,
Depositary, Raleigh, N. C.

Teachers and Educators generally are respectfully invited to correspond with
C. W. LAMBETH,
Agent for the Publishers
and Sup't of Introduction.

From DR. WM. B. RAMSEY, Prin. High School, Snow Hill, N. C.:

SNOW HILL, N. C.

"I am much pleased with both the Spellers and all the Readers; and as to the series of Geographies by Monteith & McNally, I have long used no others when those could be obtained.

From REV. ALBERT SMEDES, D. D., Rector of St Mary's School, Raleigh, N. C.

RALEIGH, N. C.

I have examined the Geographies Monteith's [No. 4] and McNally's [No. 5] and find excellencies in both, which eminently entitle them to a wide circulation. It is my purpose to introduce Monteith's [No. 4] into my school. I give it the preference for the information which it gives on the subject of Physical Geography. The maps and questions in both works seem to me to be admirable. ALBERT SMEDES.

From J. W. GULICK, A. M., Prin Male Academy, Guilsboro', N. C.:

GUILSBORO', N. C.

I find your books are in use in many Schools in this section. The teachers speak in the highest terms of your Readers and Geographies, and of Peck's Ganot in particular. J. W. GULICK.

From Col. WM. BINGHAM, Prin. Bingham School, N. C.

The introduction of so much valuable matter on the subjects of Physical Geography and Geology and to a form so simple and intelligible, makes it (Monteith's Intermediate Geography) in my judgment, a charming school book.

"We shall introduce Davies' Bourdon, perhaps others of your books."

From Dr. CLOSS, Prin. Durham Academy, N. C.:

DURHAM, N. C.

I design introducing the present session McNally's Geography and Davies' University Arithmetic; also Boyd's Elements of English Composition. M. CLOSS.

From M. L. LITTLE, Esq., Prin. Pleasant Hill Seminary, Newton, N. C.

NEWTON N. C.

Will introduce the University Arithmetic next term. Have examined it with much satisfaction. An admirable work. M. L. LITTLE,
Prin. Pleasant Hill Seminary.

From Rev. S. IVEY, Prin Auburn Academy, N. C.:

AUBURN, N. C.

Monteith's Geographies are excellent works, and I shall introduce them into my school.
STINCEON IVEY.

Prof. WM. A. OSBORNE, writing from Hillsboro' Military Academy, says:

The superior and durable style of binding of your works is a very great recommendation—one with which I have long been favorably impressed.

From J. R. DICKSON, Esq., Prin. Male Academy, Warrenton, N. C.

WARRENTON N. C.

"Davies' Mathematics" was adopted by me in 1859, and, up to this time, I have examined no works superior to them as a whole.

I have examined, with a view of introduction, "McNally's Geography" [No. 5] and "Peck's Ganot's Natural Philosophy." I consider them most excellent works, and shall put them in my boys' hands, at the earliest period. The Philosophy is truly an enticing work and must meet with universal commendation. J. E. DUGGER.

From W. C. KERR, State Geologist of N. C.

I regard Monteith's Physical and Intermediate Geography as one of the best books of its kind. It has several points of superiority over most primary Geographies; not the least of which, especially in the eyes of the juveniles, will be found in its attractive and very graphic illustrations. Another is the truly wonderful amount of substantial and really scientific information conveyed by these wood cuts, and the concise and lucid descriptions appended. But the chief excellence consists in this, that Geography is here treated from the only true and rational standpoint, viz: of Geology and Physical Geography; so that the learner arrives, by a natural and easy process, at the true conception of the earth as an organized whole; the designed result of successive changes and modifications, under the control of physical laws, constituting a true growth from a chaotic germ through manifold stages of progress, all pointing forward to its destined end as the home of living beings, and finally of man.

From Rev. G. D. BERNHEIM, Principal of Mount Amoena Female Seminary, Mount Pleasant, N. C.

MT. PLEASANT, N. C.

I have introduced your National Series of Readers with great satisfaction to myself and to our teachers. We find them to be excellent, just suited to our purpose.

With Davies' Mathematical Series we have been long familiar, and can find no good reason for changing them.

In the Primary Department we have Monteith's Geographies, and in the advanced classes we have introduced Peck's Ganot, with much acceptance. G. D. BERNHEIM.

From Prof. JOS. H. FOY, President Stantonsburg Scientific High School, N. C.

WILSON, N. C.

I have carefully examined the claims of the different Series of School Books most prominent before the public at this time. I have tested the merits of many of them in the school and lecture room, and feel no hesitancy in pronouncing the "National Series of Readers and Spellers" the best with which I am acquainted. I shall hereafter use no others in my school, and I also furthermore use my influence to secure their adoption into other Seminaries in this section.

I use Davies' Mathematical Series in my school. I consider his works incomparably superior in many particulars, even to Stoddard's Course, which is saying a great deal. In fact, I consider it the highest encomium in my power to bestow.

I use Monteith's Series in my school. They afford a gradual but thorough and systematic progression, from the simplest rudiments of science, up to a development sufficiently exhaustive for all ordinary educational purposes. Their very superior merit has led me to discard ——— which stands next best on the list.

McNally's, the fifth book of the course is decidedly the *chef d'oeuvre* of Geographies. No competent instructor can examine it for an hour without being struck with its extraordinary merit. J. H. FOY

From the Statesville, N. C. *American*, February 20th, 1868.

We would call the attention of Teachers in Western North Carolina to the valuable School publications of this firm, which are equal to any in the Union.

Messrs. Barnes & Co., of New York, are now issuing large editions of these Standard School Books for the Southern States. The series consists of the National Primer, or Word Builder, National Elementary Speller. The National First 2nd 3rd, 4th and 5th Readers. This firm will allow no competition in the price of books published by them, which are among the best in the States.

From the Raleigh *Daily Progress*, Feb 20, 1868.

NATIONAL SECOND READER.—We have never examined a volume of its class which we could commend more cordially to parents and teachers.

From the N. C. *Presbyterian*, March 7, 1868.

NATIONAL FIRST READER.—We recommend it to all who desire a valuable book of instruction for beginners.

From the Wilmington, N. C. Daily *Herald*, 1868

The National series has attained probably a higher reputation than any other complete series of School Books now in existence.

THE UTLEY

COTTON PRESS.

A NEW combination of power, whereby all friction is overcome. The simplicity, economy and durability of this PRESS astonishes all who see it, and the more so that a power so simple should so long have been unappropriated. With this Press, two men can do all the packing or pressing of a 500 pound bale inside of eight minutes: and it can be readily taken down and transported, as it is simple and light. We can supply these Presses cheaper than any yet offered to the Planter. Will send circulars to any desiring, and we would advise all persons wanting presses to withhold buying until they examine this.

THE PRESSES are now being manufactured at the SASH AND BLIND FACTORY OF THOS H. BRIGGS. All are assured that as between this and any other there is no argument as to its merits over all others. With the irons, any ordinary workman can put them up. The patentee is here for a few days, and will take pleasure in explaining its merits.

It has an IMPORTANT NEW FEATURE that has been copy-righted. According to this plan the rates are MUCH LOWER than any other Company in the world.

Its ratio of Mortality is low, rates are very low. Its expenses are very low. Its dividends are large.

It insured more lives in the City of New York in 1868, than any other Company, except one. It issued more Policies in the United States than any other save one. It insured more lives in Canada than any other Company, Brief American.

See what the HIGHEST INSURANCE AUTHORITY in this country says. In the June number of the *Insurance Times*, of York, the following opinion was expressed:

"If there is any grebenefit in mutual association, any great advantage to be derived on scientific organization and a chartered source, tending to mitig the sufferings, lessen the privations, and add to the peace, secur, and happiness of humanity, we are prepared to show that the lessings flow, in all their fullness and purity, from this excellent powerful, and flourishing Company, the ÆTNA LIFE, of Hartford"

"No institution has bight more prompt, full, and grateful relief to the hearths of the Baved and desolate, and none has been more uniformly distinguished for the enterprise, wisdom, and equitable liberality with which has fulfilled the purposes of its forma tion."

"Its success has been almost unided and beyond all precedent. Eight years ago, in 1861, it issued only 58 policies, received some of seventy-eight thousand dollars, and possessed net assets amounting up to something over a hundred and eighty-one thousand dollars; but last year, 1868, it granted 12,337 new policies, more than any other Company except the Mutual Life; received an income exceeding six million dollars, and had amassed solid, securely and profitably invested nett assets amounting to over Fifteen Three Hundred and Fifty Thousand Dollars. And this wonderful ratio of growth has been sustained in 1869."
